

The Problem:

Heat, moisture, UV radiation and dirt, etc. heavily afflict the leather and accelerate the aging process, i.e. the leather becomes brittle and cracky.

The Solution:

Leather Care

Product Advantages:

Contains jojoba oil – keeps the leather smooth and protects it from ageing

- The pure active agents combination – completely solvent-free – of jojoba oil, highly effective care substances and special light protection additives deeply penetrates the leather to keep it smooth and protect it from ageing
- Prevents the formation of new cracks and the deterioration of existing cracks
- Protects the leather from bleaching through UV radiation
- Restores the original surface finish and colour depth
- Does not look greasy

Applications:

All smooth leather grades

How to apply:

Shake well before use. Apply evenly and sparingly on the clean and dry surface, using a fine-pored sponge. In case of perforated leather, apply carefully with a soft and absorbent cloth. Let the product react, depending on the leather's absorptivity. Polish with a cloth or soft brush.

Note: Do not use in extreme direct sunlight or on heated surfaces. Store properly closed in a frost-protected place.
