

## The Problem:

Mud, dust and sweat etc. cause soiling and leave an unpleasant odour on textiles and leathers (be it helmets, shoes or rucksacks). But not everything can be regularly washed in the washing machine.

## The Solution:

**F100**  
Foam-Cleaner

## Product Advantages:

### Strong cleaning power – for inside and outside

- Gently and thoroughly removes all soiling – also removes stains
- Removes unpleasant odours leaving items smelling fresh
- Suitable for textiles and leather
- Easy to apply also to specific areas

## Applications:

### For all textiles and leathers

## How to apply:

Shake can before use, spray F100 foam cleaner onto soiled areas. Clean thoroughly using a moist sponge or a moist and lint-free terry cloth. Rinse sponge or cloth occasionally.

In the case of more stubborn dirt, leave to act for up to five minutes. Wipe treated areas with a clean and dry cloth. Repeat process if necessary.
